Overview - Why Study GCSE Food Preparation and Nutrition

Are you passionate about food? At its heart, this qualification focuses on nurturing your practical cookery skills to give a strong understanding of nutrition.

Preparation skills are integrated into five core topics:

- Food, nutrition and health
- Food science
- Food safety
- Food choice
- Food provenance

Further Study and Careers:

Further study of college courses include Level 3 Diploma in Food Science and Nutrition. Also apprenticeships directly into the food industry. The entry requirements are different for each of these courses.

There are many careers that require Food qualifications: Chef, Toxicologist, Nutritional therapist, Purchasing manager, Food Technologist
